PRODUCT LAUNCH NEW: WOODPECKER TYPE WP-632AM

J R TECHNOLOGY LIMITED & their associates have completed work on the Woodpecker WP-632 Handpiece replacement. This is the new WP-632AM.

It offers all the advantages of the previous model, but with the numerical display (response time) built into the facia.

The following pictures show the WP-632AM Handpiece:

& the WP-632AM with optional X/Y plotter (available from mid 2009):

This can be used with a PC to show a tile map of the area under test.

The WP-632AM has been available since early 2008 and sales have been made to both military and civil customers. Please contact JR TL if you would like additional information or to conduct trials.
